

WANTED!

There is a vacancy on the Club Committee for a member for the responsibility of the preparation and maintenance of the Club Handbook and Fixtures List. (FL)

The present publication is in need of updating and it is considered to need a different format.

The FL has three main sections:

1. Rules & By laws
2. Sailing instructions & Duty Officer Duties and procedures
3. Sailing programme

Close liaison is necessary with the Club secretary and with the Sailing Secretary. The present "loose leaf" publication does not work too well as the recipients have to have the discipline of keeping it up to date and also the issuing of amendments and the sailing programme issue is quite time sensitive

A fresh look is needed to update the presentation and could be quite challenging and needs some one who has word processing skills and an interest in the sport of sailing but not necessarily an active sailor.

For more information please contact:

Geoff Town

Vice Commodore.
