BROXBOURNE SAILING CLUB

Do you have any pictures taken at Broxbourne Sailing Club?

Well if you do then we could really do with them for the next re-design of the website. The plan being that your pictures would provide some of the design elements. The more we have then the greater the variety and interest of the site to members and visitors. When time permits, your pictures will be made into an image gallery for everyone to enjoy.

So how do you help?

All you have to do is zip your files and e-mail them to: bsc.dump@googlemail.com.

Please note: If images are used as a design element only, you give permission for them to be used solely on the website, without requiring the author to be acknowledged and allowing them to be altered. If they form part of an image gallery, then the author will be acknowledged.

Additional Notes

It is preferable to include a text file in the zip file identifying the event/events when the pictures were taken. To zip a file use Windows' *Compressed (zipped) folder* option, alternatively *WinZIP*.

To save time in uploading/sending pictures, consider the file size and reduce if necessary.

**Thank you,
Ian Preedy & Scott Room**
